Re: turn signals at Fletcher Street & San Fernando Road

Dear Councilmember O'Farrell:

After hearing from numerous stakeholders and based on its own experience in the community, the Glassell Park Neighborhood Council formally requests immediate action to install left turn signals in all directions at the intersection of Fletcher Street and San Fernando Road in the area of Glassell Park known as Fletcher Square.

The intersection has become increasingly busy due to new businesses, schools and residential developments in the area. In addition to being a major thoroughfare, San Fernando Road is an access street for the Glendale (2) Freeway, with on/off ramps within two blocks of the intersection. Fletcher Street is being used as a connector between Eagle Rock and Elysian Valley, Atwater Village, Los Feliz and Silver Lake. Both streets carry steady streams of vehicles that make left turns in any direction nearly impossible.

Please act on behalf of the community to ease this worsening traffic problem by installing left turn signals at this intersection.

Thank you,

Molly Lynn Taylor, Chairperson
Glassell Park Neighborhood Council
Area 4 Representative
Thank you,

cc: Kevin James, Dept. of Public Works
